# Module 9: Power BI Mobile

Lesson 1: Power BI mobile apps

Demo 1: Creating reports and dashboards for mobile apps

1. Connect to virtual lab environment.

2. Open the **Desktop\power-bi-quickstart\Demofiles\Mod09** folder.

3. On the Taskbar, click **Power BI Desktop**.

4. Click **New** > **Report**:

8. In the **Power BI Desktop** window, click **Open other reports**.

9. In the **Open** dialog box, browse to **Desktop\power-bi-quickstart\Demofiles\Mod09\Demo**, click **AdventureWorks Sales.pbix**, and then click **Open**.

10. If the **Introducing Q&A** dialog box appears, click **Got it**.

11. On the **View** tab, click **Phone Layout**.

12. In the **VISUALIZATIONS** pane, drag the donut chart to the phone layout and resize it to use the whole width of the phone.

13. In the **VISUALIZATIONS** pane, drag the pie chart to below the donut chart on the phone layout.

14. In the **VISUALIZATIONS** pane, drag the Annual Sales bar chart to next to the pie chart on the phone layout.

15. On the **View** tab, click **Desktop Layout**.

16. On the **File** menu click **Save**.

17. Close Power BI Desktop.
